### **2012-2013 Kindergarten Registration Begins**

Registration for children entering kindergarten will begin on Monday, February 13, 2012 and will continue through Monday, March 12, 2012. Children who will turn five years old on or before August 31, 2012 will need to be registered between those dates. Parents must register their child(ren) at the school they will attend. Registration for first graders new to Lincoln County Schools will also occur at that time.

To register your child, the following information must be presented:

- A certified copy of the child's birth certificate
- Proof of residency
- Documented evidence of immunizations as per state law. Please see your health care provider or the Lincoln County Health Department with specific questions regarding this.
- A health assessment – This should be completed by your health care provider prior to the start of school, but must be completed no later than 30 days after school begins. Failure to provide this information will result in the child being excluded from school. Assessment forms are available at each school. All sections of the assessment (including developmental, hearing and vision) must be completed.

Parents of children who need immunizations or a health assessment should take their child to their health care provider or to the Lincoln County Health Department immediately to complete these requirements prior to beginning of the 2012-2013 school year.

Once registering their child for kindergarten, parents can schedule an appointment for Dial Screening at the school their child plans to attend. Listed below are the dates scheduled for Dial Screening at each school site:
